

Dave Ratner

Audiences learn how to beat the snout out of the big dogs *from a guy who actually does it!*

For over four decades, Dave Ratner built an empire of wagging tails and happy customers with Dave's Soda & Pet City, a beloved chain of seven pet supply stores.

Then, in what can only be described as an act of cosmic timing, Dave sold all seven stores just an hour before COVID crashed the retail world. (Yes, he's the luckiest guy in the universe. No, he had no idea what was coming!)

Small business and retailers

Today, Dave focuses on Dave's Pet Food, his nationally marketed pet food line, and delivers hilarious, insight-packed breakout sessions at professional conferences.
